2017

'The Ban' | short film (Youth ensemble scheme)

Role: Production and Costume Designer

2016

'Poppies' | short film

Role: Production and Costume Designer

COMMENDABLE EXPERIENCE

'Fearz' TV show

-March 2020

This Tv show gave me the opportunity to bring a vision on paper to full fruition. During the project I gained experience in 2d drafting and 3d modelling on AutoCAD. It was very important to be able to communicate my design to the carpenter through tech drawings. Another useful element of this project was the experience with Laser cutting that was used to create the signage for the show.

'Stay Home' short film

-May 2020

This short was shot during the pandemic in Belfast which gave me lots of experience with working on Film under corona virus restrictions. For this project I did a large scale redesign of a house interior and also create a lot of signage for pandemic posters and artwork for within the home.
