# ZOË BOSS

Editing – VFX – Motion Graphics

#### PROFILE

My name is Zoë Boss and I am a film editor and sound designer. I edit short films, documentaries, music videos, weddings, and corporate videos. I am also a sound designer for these same areas. As well as this, I do visual effects and motion graphics.

Editing and sound have always been passions of mine. I love bringing a story to life, piecing it together in new and creative ways. I also love crafting stories that an audience can resonate with on an emotional level. Sound is such an important part of filmmaking and of editing. It is what ties the whole edit together. Without good sound design, an edit feels empty.

I am a hardworking individual with a drive to learn new skills and improve my current ones. I love collaborating with people to bring out the best story possible in the edit.

#### SKILLS -

Adobe Premiere Pro Avid Media Composer Adobe After Effects Davinci Resolve Adobe Photoshop
